MINI CAMP

We are now ready to launch our first mini camp this year from the 23rd - 24th of March. The purpose of this camp is to bring together the older children of the ministries and create a space where we can walk along side them and teach them how to take the next steps in thier faith. In this time we hope to share our vision for all that is planned for the year (2019) and to touch on the larger topics that we will be diving into as we continue to work with them this year.

Our desire is to unite the youth of all the Inca Link Peru ministries in order to teach them about the importance of comunity and serving as the united body of Christ.
